M/S:

Shahid Ghazi Pharmaceutical Co.
Flat No. 5, No. 3, Next to 1st Sepehr Alley,
Fereshtegan St., Marzdaran Blvd
Tel: +98 21 4422 1723 Fax: +98 21 4420 8943
E-mail: commerce@sgco-infusion.com

Date: September 13, 2022
Ref. No.: AL610N30091322
Price Term: Ex Works
Payment: T/T 30% deposit
Term: T/T 70% prior to shipment
Delivery: 60 days after received the deposit and
Lead Time: samples
Validity: 60 days
Packing: Standard export wooden case.
Origin: TAIWAN

1) MACHINE PRICE (EUR)

No.	Item / Description	Rate
1.	AL600 Front and Back Labeling Machine	
2.	AL610 Two Side and Wrap Around Labeling Machine	

※ Image shown is a representation only.

2) FEATURES & FUNCTIONS

1. PLC based control, no any PCB to be used.
2. Colour 7" Touch Screen (HMI) for operator interface.
3. Over Voltage Protection.
4. Creatable name for recipes (memories).
5. 120 sets of recipes (memories).
6. Auto-Teach for label sensor on Touch Screen (HMI). (for paper label only)
7. Auto-Teach for label size on Touch Screen (HMI).
8. Auto-Teach for label position on Touch Screen (HMI).
9. Never need to move the sensors for adjustment
10. All handle wheels are set in upside for ease of operation.
11. Total machine run time counter.
12. Total machine stop time counter.
13. Automatic real-time saving of all parameters.
14. No data loss even if unexpectedly power failure.
15. No battery required for PLC maintains.
16. Provision for label feed on touch screen
17. Missing label on roll alarm detection.
18. Label end alarm detection.
19. Drive roller fault alarm detection.
20. Less than 5 minutes for product changeover.
21. Label head (applicator) allows adjust from -5° to 20 angles for taper bottles.
22. Ruler markings on the adjustments.
23. Widely range for various products application.
24. No complex parameters need to set.
25. Intuitional and human design of control interface.
26. Easy learning and operating for un-technique user.
27. Castors are fitted for easy move.
28. Stable machine base allow moving by forklift.
29. Provided label counter.
30. Provided batch counter.
31. Conformed to GMP norm.

3) SPECIFICATIONS

- ⊕ SUS#304 and anodised aluminum alloy construction
- ⊕ PANASONIC PLC
- ⊕ SCHNEIDER 7" Colour Touch Screen (HMI).
- ⊕ SICK Label Gap Sensor
- ⊕ SICK Product Sensor or equal that depends on product's conditions.
- ⊕ PANASONIC Servo Motor
- ⊕ SCHNEIDER Servo Motor
- ⊕ Loading/Conveyor Height: 850-900mm from floor (or on request).
- ⊕ Loading/Conveying Direction: Left to right if facing front of machine (or on request).
- ⊕ Machine Dimension: (L)2550mm × (W)1760mm × (H) 1760mm
- ⊕ Machine Weight: 250kgs
- ⊕ Power Supply: AC 220V 50/60Hz, Single Phase.
- ⊕ Label Roll Size: Max. 380mm with 76mm core diameter (or on request)

4) APPLICATION RANGE FOR OVAL CONTAINERS

- ⊕ Bottle Width: 40mm to 250mm.
- ⊕ Bottle Thick: 30mm to 100mm. (or on request)
- ⊕ Bottle Height: 55mm to 330mm. (or on request)
- ⊕ Label Width: 15 to 200mm
- ⊕ Label Height: 20 to 250mm

5) APPLICATION RANGE FOR ROUND CONTAINERS (AL610 ONLY)

- ⊕ Bottle Diameter: 50mm to 90mm. (or on request)
- ⊕ Bottle Height: 50mm to 260mm. (or on request)
- ⊕ Label Width: Partial wrap around.
- ⊕ Label Height: 20 to 150mm
