

High Performance Process Cranes -
Made in Germany.

BANG
KRANSYSTEME

STARKE PROZESSKRANE AUS DEUTSCHLAND.

type of crane	Overhead Crane Double Girder-Open Winch
lifting capacity	25/25 Ton
ambient temperature	5 to 45 C
Electrical Panel	All of the electrical component schneider brand with inverter LS
Remote Control Crane	F24-6D Tolerance 6 Key 2 speed 12v 220 volts crane wireless industrial
Main Power voltage	380 V
Frequency	50 Hz
Control voltage	220 V ◦
Static test load	125% of SWL
Dynamic test load	110% of SWL
Load display	Included
Limit switches for all movements	Included
Bumper bridge (shock absorber)	Included
Bumper trolley (shock absorber)	Included
Service platform	Crane must be equipped with service-platform
Hoisting	
Lifting speed 25 TON	1 6 m/min
Lifting speed 25 TON	2 12 m/min
FEM Group	4m
type of hoist	wire rope
