

## Fosber's Complete Corrugator Line Guarantees:

- Maximum production flexibility
- Optimum board quality
- Lowest cost of ownership and operation

The innovative modular design is configurable in various performance levels from the "state-of-the-art" range for mega volume producers down to an easily upgradeable "entry level" machine for smaller capacity requirements.

# WET END BELTLESS TECHNOLOGY

ROLL STAND AND SPLICER/**LINK M2**

ROLL STAND AND SPLICER/**STAND M2 + LINK**

SINGLE FACER/**SMART**

ROLL STAND AND SPLICER/**LINK M3**

GLUE UNIT/**THERMOSTACK + CREST**

DOUBLE FACER/**EXPRESS**

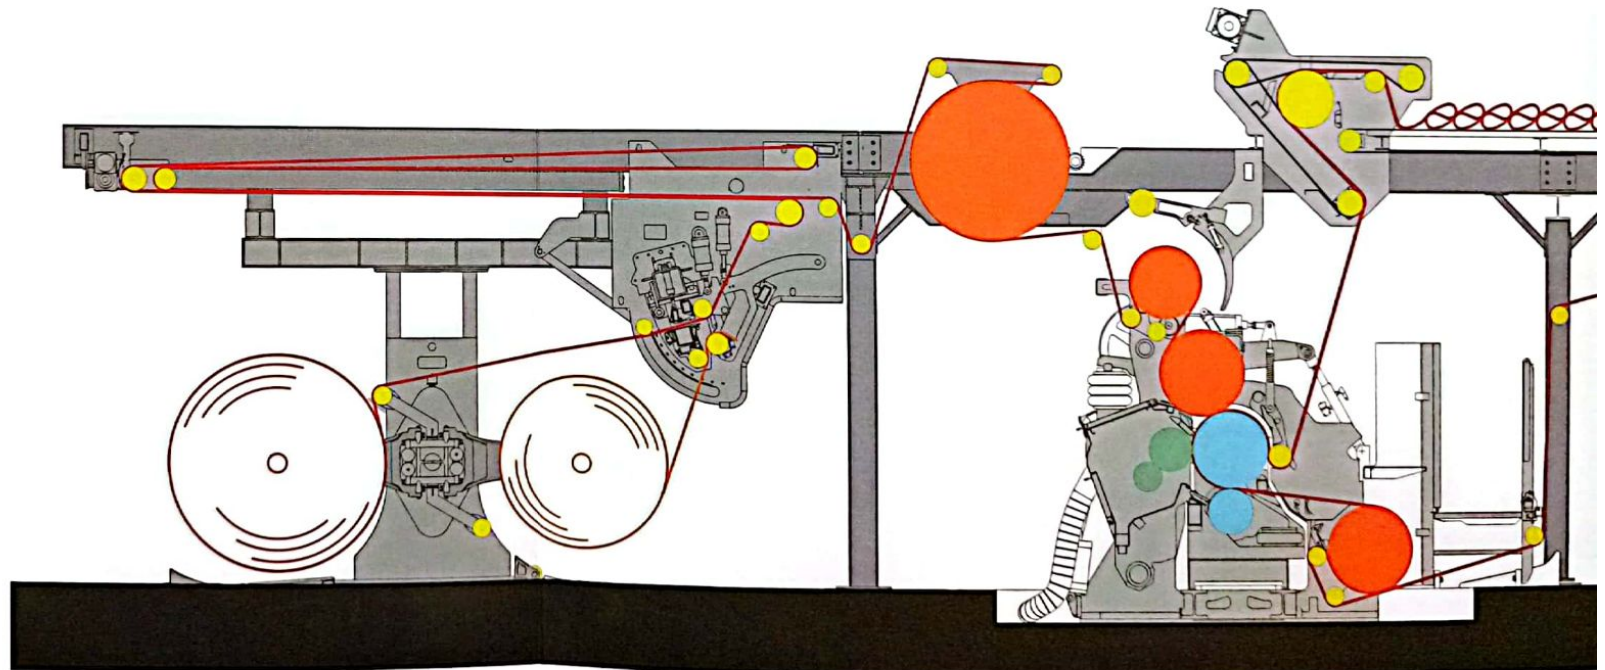

**FOSBER**

## ROLL STAND AND SPLICER/LINK M2

- Faster roll change cycle time with dedicated in-feed and out-feed lanes on the same side
- Integrated reel tracks with roll centring & alignment device
- Integrated reel stand/splicer with semi-automatic or manual roll change cycle

## SINGLE FACER/SMART

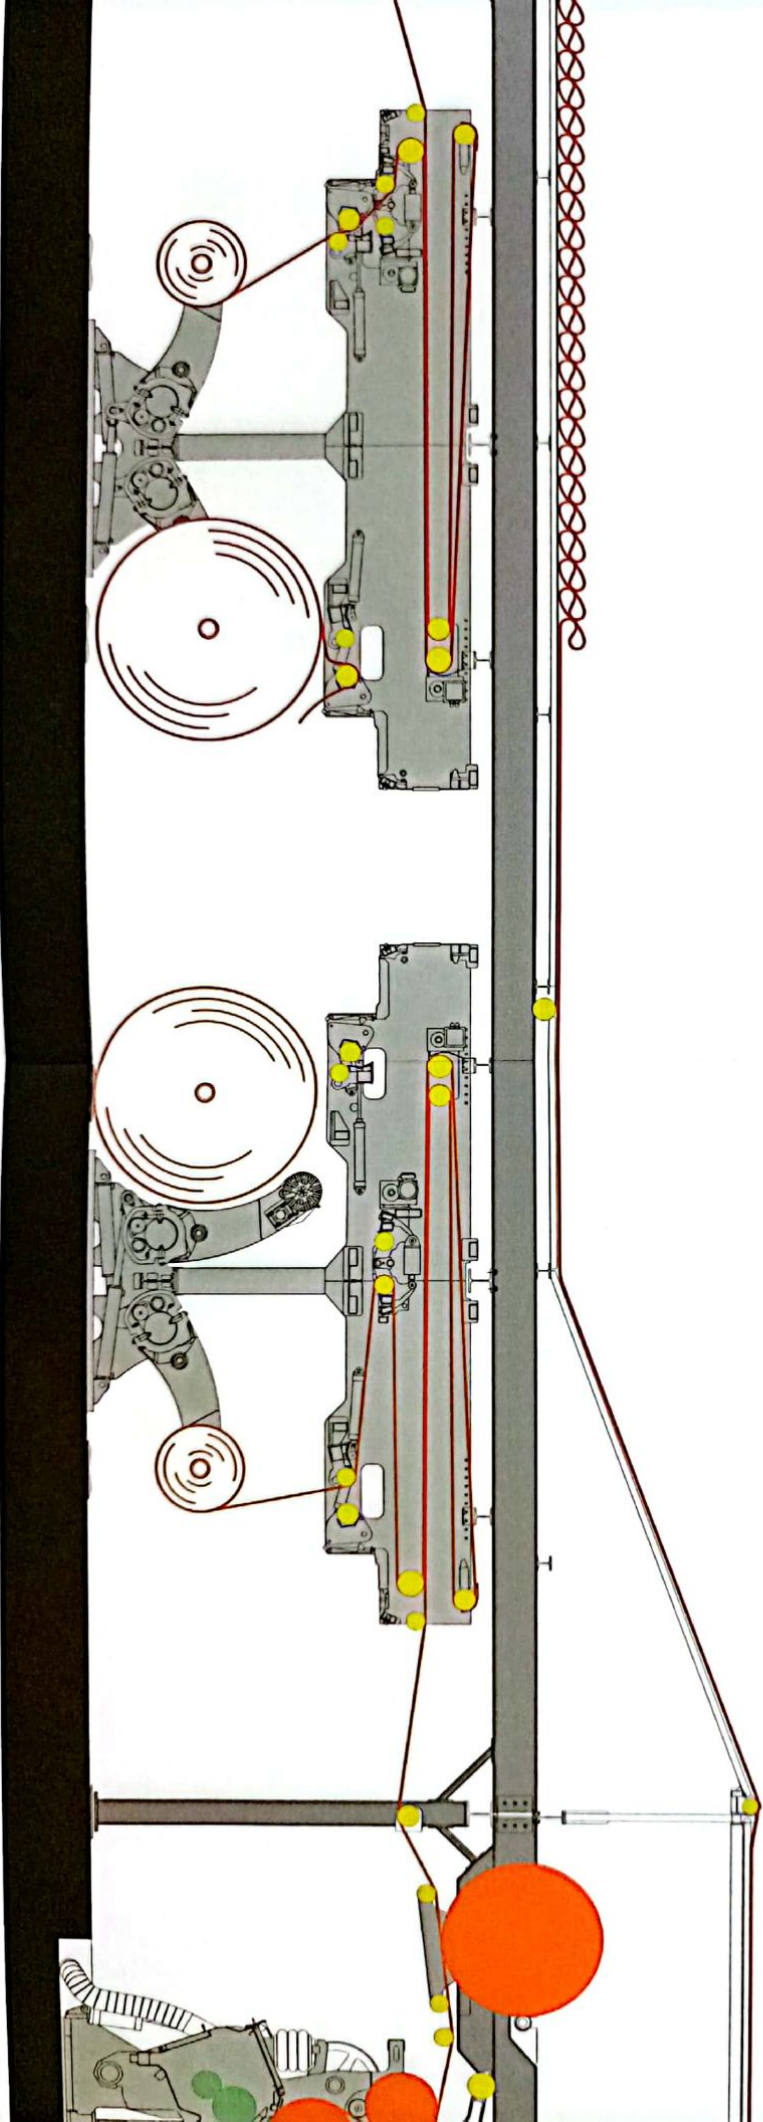

- Quick cassette / flute change
- Fully automatic glue, steam, pressure and wrap controls
- Extended nip beltless technology

**FOSBER**

**ROLL STAND AND SPLICER/STAND M2 + LINK**

- Auto tail grabber
- Zero tail splicing
- Auto tension control

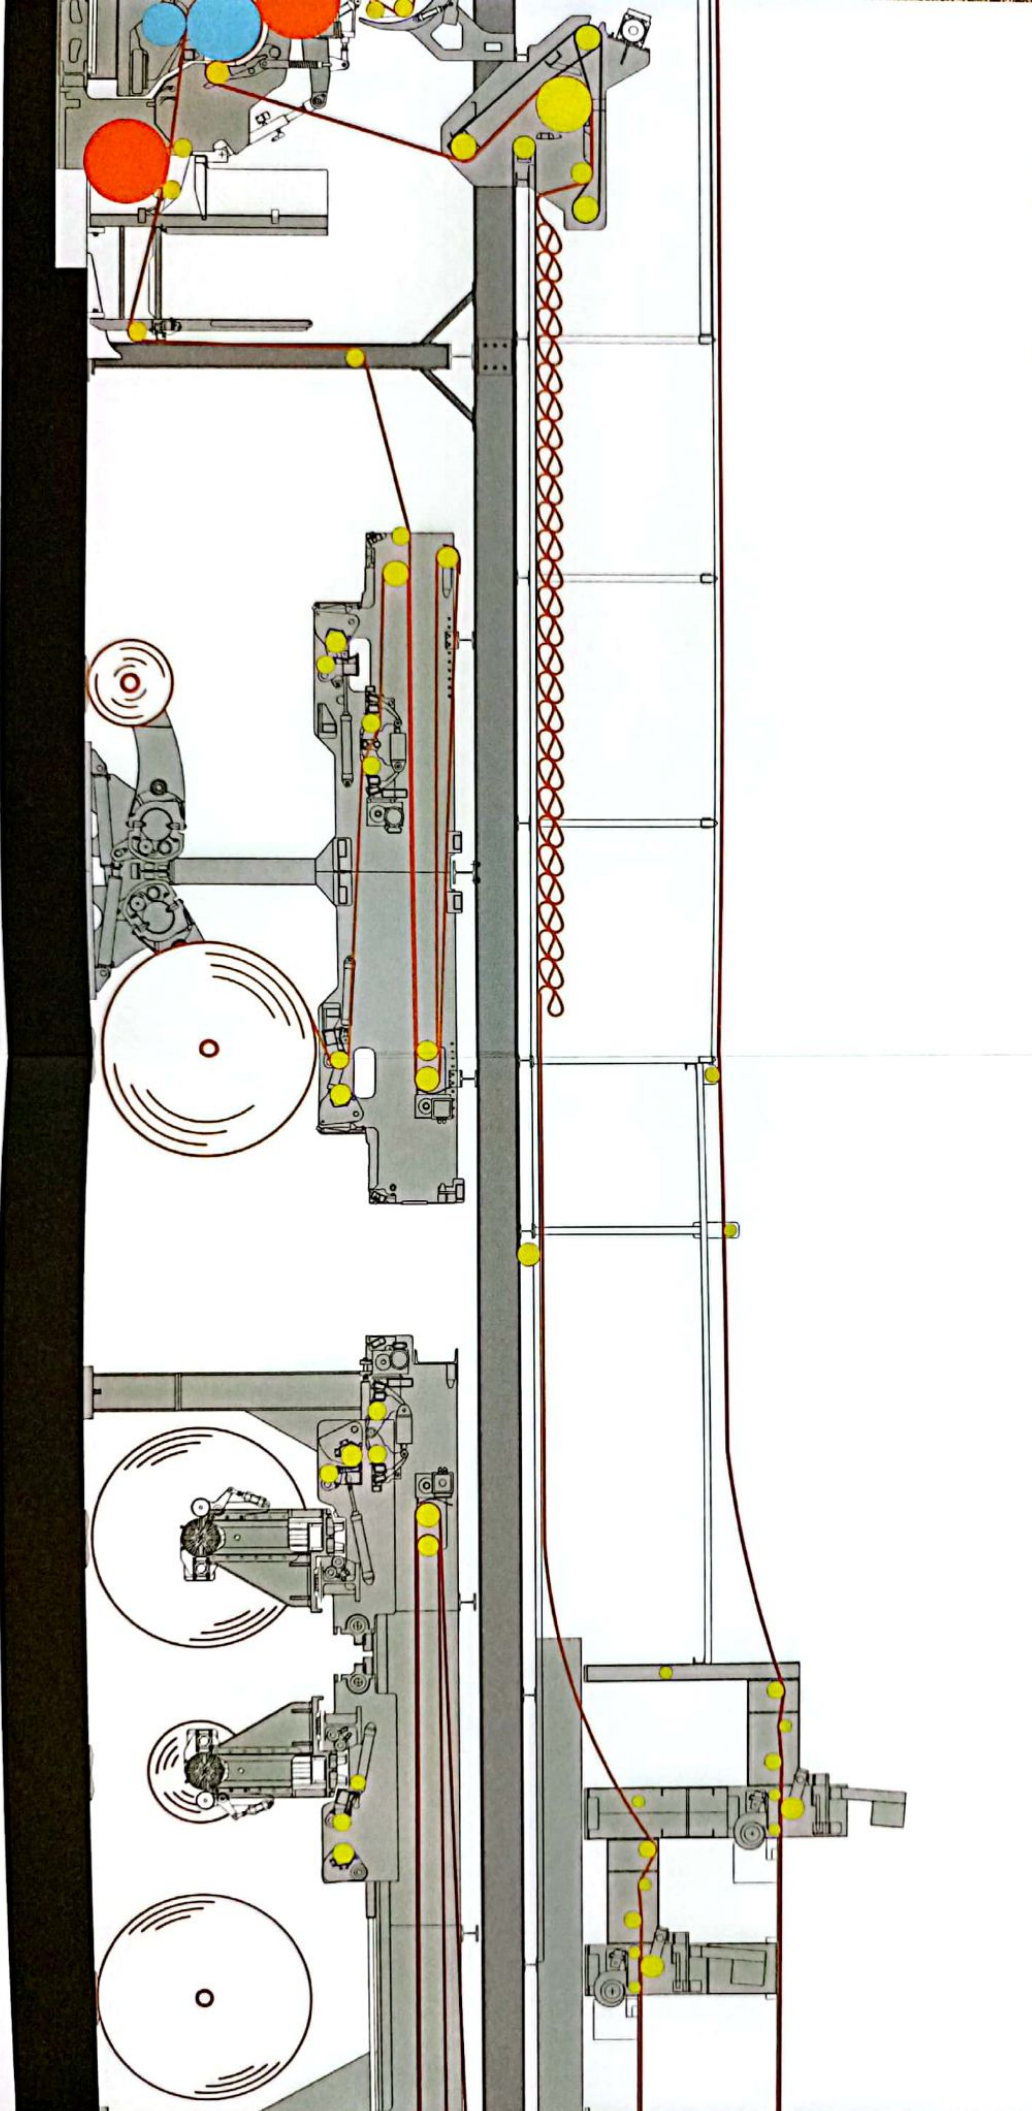

**ROLL STAND AND SPLICER/STAND M2 + LINK**

- Auto tail grabber
- Zero tail splicing
- Auto tension control

**FOSBER**

**SINGLE FACER/SMART**

- Quick cassette / flute change
- Fully automatic glue, steam, pressure and wrap controls
- Extended nip beltless technology

**ROLL STAND AND SPLICER/LINK M3**

- Fastest automatic cycle time in the industry
- Auto rewinding of the finished roll after splicing
- Reduced operator requirements

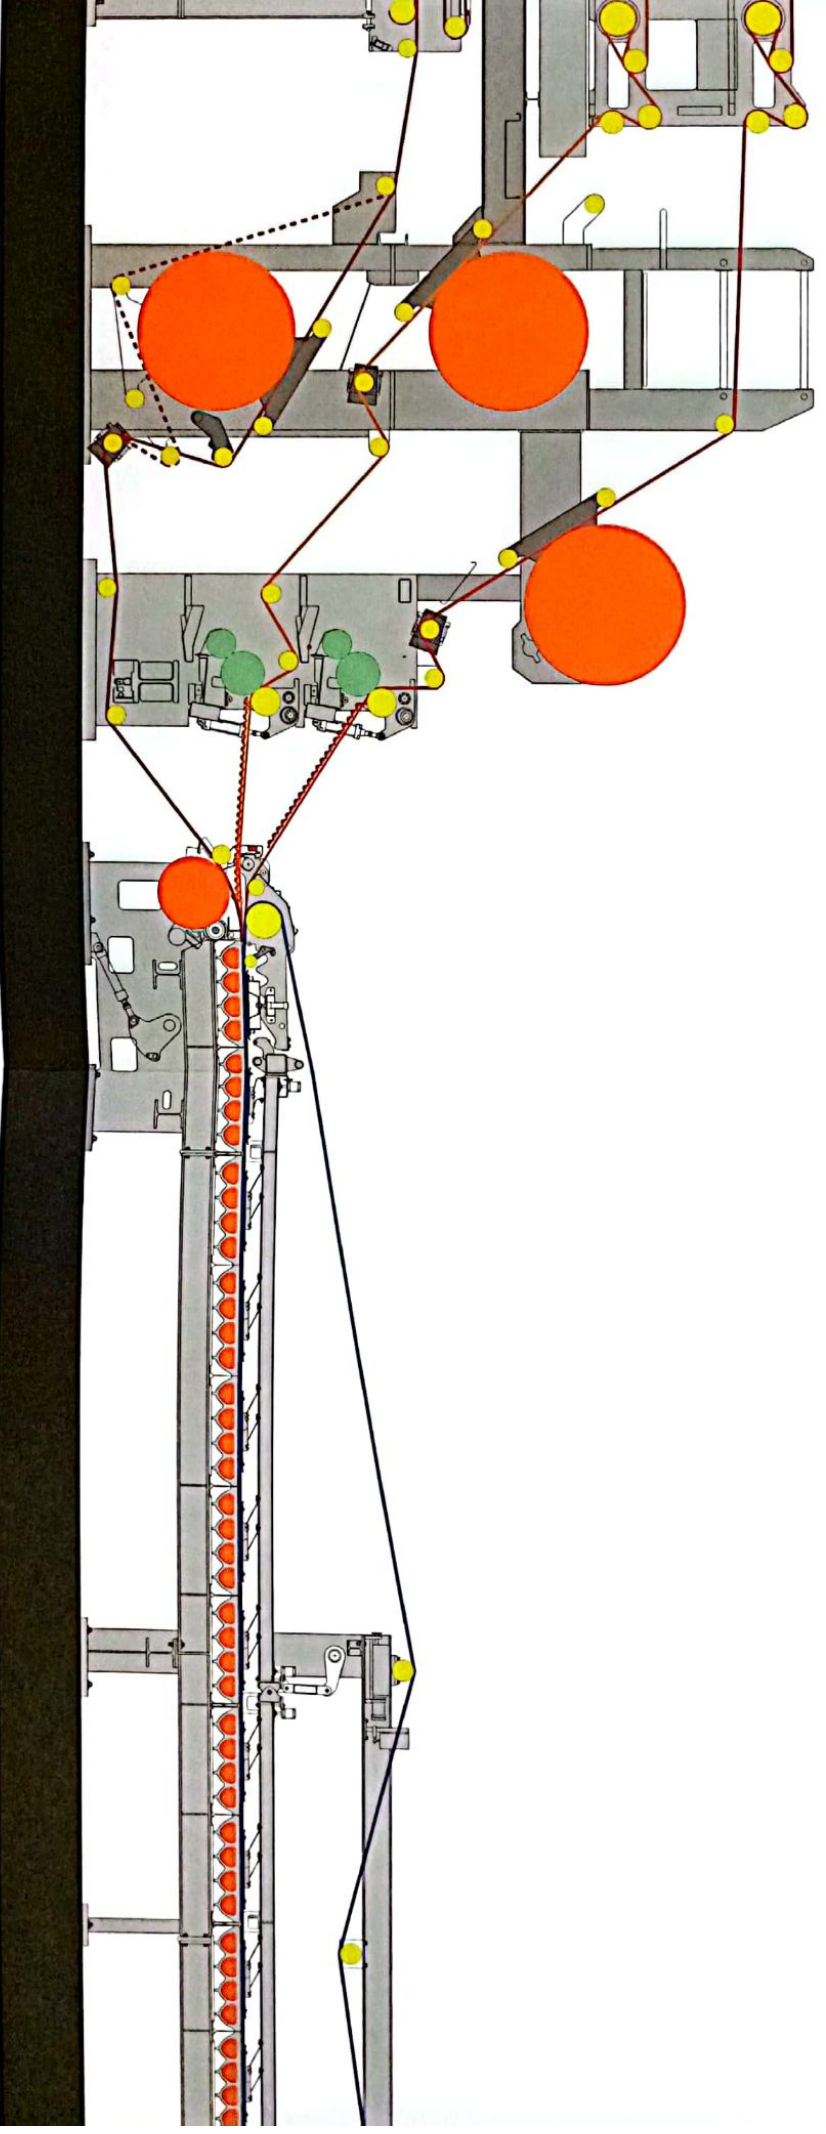

**GLUE UNIT/THERMOSTACK + CREST**

- Zero wrap capability
- Automatic rider roll control
- Minimal starch consumption

**DOUBLE FACER/EXPRESS**

- Automatic shoe pressure control with zero edge crush
- Full condensate recovery system
- Completely flexible configuration

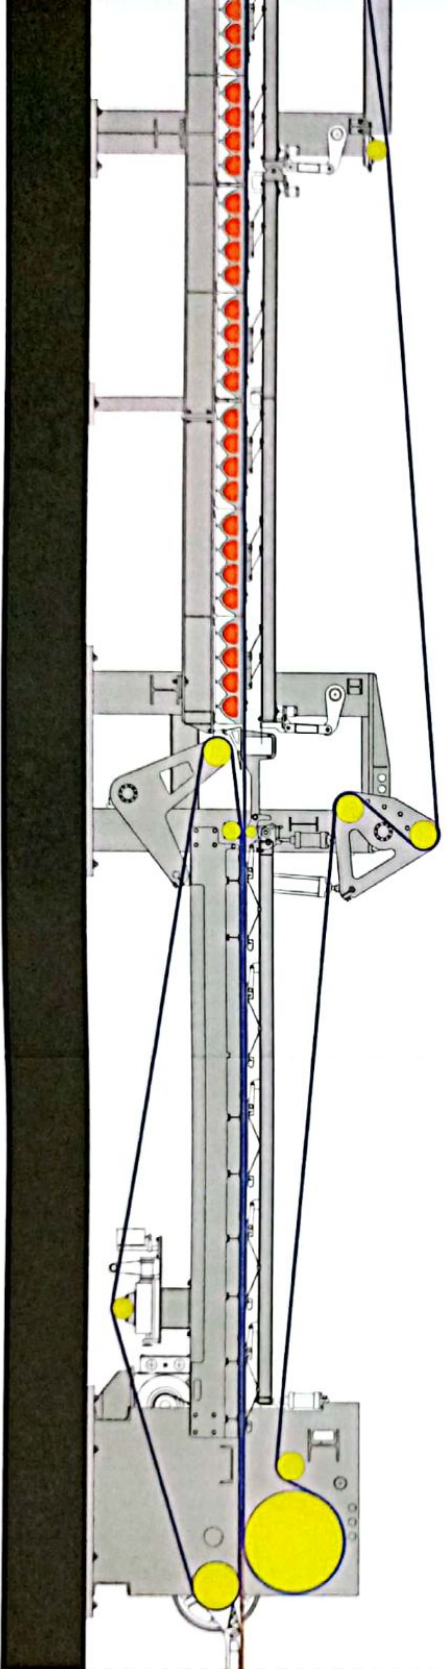

**DOUBLE FACER/EXPRESS**

Automatic shoe pressure control with zero edge crush

Full condensate recovery system

Completely flexible configuration

**DOUBLE FACER/EXPRESS**

Automatic shoe pressure control with zero edge crush

Full condensate recovery system

Completely flexible configuration
