BCT Production Overall Solution Performance Parameters	Production capacity:	57-72 million pcs/year (8h * 3shift * 300days)
	Tube size:	Ø13*75mm; 13*100mm
	Tube kinds:	Plain, EDTA, Heparin, Clot activator, Clot+gel, PT, ESR

No.	Model No.	Item	Spec.	FOB China	Qty	Amount
				US\$		US\$
1	HY150B	Tube Labeling Machine	12,000-15,000 pcs/h	US\$11,800	1	US\$11,800
2	HY100EDTA-T	Reagent dosing machine	EDTAK2/K3, Heparin: 20-50ul ; 5-nozzle; 8,000pcs/h	US\$15,600	1	US\$15,600
3	HY100BCA-T	Reagent dosing machine	Clot activator: 20-50ul ; 10-nozzle; 10,000-12,000pcs/h	US\$15,600	1	US\$15,600
4	HY100DG-T2	PTC dust-free drying machine	2 drying station; 6,000-8,000pcs/h	US\$12,500	1	US\$12,500
5	HY100B	Separation Gel Vacuum-filling Machine	Auto gel feeding system; 4,000 - 6,000 pcs/h; 0.8 ~ 5g, ±15%	US\$15,800	1	US\$15,800
6	HY-340	Separation Gel Centrifuge	For Ø13 tube, 340pcs/cycle	US\$5,700	1	US\$5,700
7	HY100C	NC vacuuming and cap-pressing machine	100pcs/time; 8,000-9,000pcs/h	US\$18,000	1	US\$18,000
8	HY12A	Cap stopper assembly machine	Ø13 cap; 6,000-8,000 pcs/h	US\$12,500	1	US\$12,500
9	-	Accessory Tube Jig	Ø13*75mm; Spring structure	US\$130	15	US\$1,950
10	-	Accessory Tube Jig	Ø13*100mm; Spring structure	US\$150	15	US\$2,250
11		Accessory cap Jig	Ø13 cap adding & foam tray loading	US\$90	6	US\$540
Total Amount				US\$112,240		

◆ **Remarks:**

1. Delivery Term: FOB Shanghai. Goods will be shipped after inspection in Hongreat factory.
2. Payment Term: 30% T/T deposit before production, 70% T/T balance before shipment from factory (after inspection).
3. Delivery time: Goods will be ready for inspection within 100 days after receipt of deposit.
4. Validity: The quotation will be valid for 30 days.

◆ Other related equipments required (buy from local, not include injection machine & moulding, only for REF.):

Air compressor (screw type, 11KW);

Label printer (for Lot number & MFG date printing);

Laboratory instruments for quality control & chemical preparation.

◆ **Warranty Terms**

1 12 month machine warranty (except vulnerable parts). Warranty time is based on goods receiving date or signing date of receipt form.

2 Lifetime after-sale telephone consultant support free of charge.

3 Lifetime latest software upgrade service provided free of charge.

4 Lifetime engineer on-line debugging and fault diagnosis service provided free of charge.

5 Lifetime paid service for hardware upgrade provided.

6 Within the warranty period, if any machine parts are damaged under normal using condition, the Seller shall offer new parts for free and bear the freight charge (except vulnerable parts). New parts cost and freight charge will be borne by the Buyer after warranty period.

7 The machine damage/fault caused by accident, or improper usage, or incorrect way of machine maintenance (according to operation manual), etc. is not covered by this warranty.

8 The guarantee terms will be lapsed automatically if the Buyer refit machines privately.

◆ **Value-added service**

1 Provide plant counselling service free of charge, including workshop planning and water electricity etc. related design service.

2 Provide technical training for related blood collection tube production.

3 Provide on-site machine installation and debugging service. The Buyer shall bear roundtrip transportation cost, accommodation, and USD50.0 per day per person as engineer's allowance.
