## Hydraulic Presses for the Leather Industry

Improved - Higher output  
Easy operation  
Durable construction  
Reliable Performance  
Completely functional  
Fast

When you acquire an important piece of production equipment, such as our hydraulic press for plating and embossing leather, you expect it to give you long life and trouble-free operation. You want to be sure of perfect functioning of the machine, the maximum, constant production output; the availability of service, and adequate technical assistance; plus a meaningful guarantee and the many other things which allow smooth and productive work.

# MOSTARDINI

guarantees your satisfaction

Specifications for standard middle power presses illustrated in this brochure are given below :

TYPES

Technical specifications :

	MP 3 M	MP 4 M	MP 5 M	MP 6 M	MP T 1000
Piston Diameter . . . . . mm	500	600	600	600	700
Pressure of Oil in Circuit . . . . . atm	255	230	266	300	262
Total Piston Power . . . . . t	500	650	750	850	1000
Platen Dimensions . . . . . mm	1370x660	1370x900	1370x900	1370x900	1500x1000
Pressure . . . . . Kg/cm <sup>2</sup>	55,2	52,7	60,8	68,7	66,7
Space Between Plantens . . . . . mm	120	120	140	140	140
Complete Working Cycles/Min. . . . . n	9-10	9-10	8-10	9-10	9-10
Electric Power Required . . . . . CV	15	20	20	20	35
Net Wgt. Incl. Pump & Motor . . . . . Kilos	10000	13800	14800	15800	19000
Overall Dimensions . . . . . mm	2790x1350 x2480	2810x1440 x2560	2810x1440 x2720	2810x1440 x2740	3130x1540 x2800
Shipping Space Incl. Pump & Motor . . . . . mt <sup>3</sup>	14	15	16	16	19

Specific pressure according to different size of plates available

Size of Plates	MP 3 M	MP 4 M	MP 5 M	MP 6 M	MP T 1000
1370x660	55,2	71,9			
1370x900	40,5	52,7	60,8	68,7	
1370x1000	36,5	47,4	54,7	61,9	73
1500x1000			50,0	56,5	66,7
1500x1370				41,2	48,6

The press is delivered with the following accessories at no additional cost

- Motor and Electric Driving Equipment
- Hydraulic Rotation Pump
- Timing Device for Pressure Time Regulation
- Hydraulic Manometer for Press Control
- Electrical Contact Thermostat for Regulation and Control of temperature
- Heating Platen
- Felt or Rubber Sheet
- Electric Light on Working Zone
- Accessories Necessary for the Use and Maintenance of the Machine.
