## TECHNICAL SPECIFICATION

### Item 10:

1 (one) pc.

electrically powered warp beam lift truck  
type **EE-KHUM 20/10 in AC technique**  
according to drawing no. AZ 10-5872

<b>Application:</b>	for full beams Machine width	220 cm
<b>Application conditions:</b>	Operating hours / year Floor conditions Inclines Ambient temperature Application	< 1000 solid, even concrete floor no 10° C – 40° C normal conditions
<b>Warp beam lift:</b>	Carrying capacity in case of central load take-up Carrying cradle for max. beam diameter Length of cradle Distance to floor of lowered front edge of cradle 2 foldable tube grippers for empty beams, for tube dia. electric side-shift of cradle by	2000 kg 800 mm 1500 mm 12 mm 150 - 220 mm 90 mm
<b>Dimensions of the truck:</b>	Overall length B Overall length incl. drawbar projection Overall width B 1 Overall height Transport width T Width, cradle lowered B2	2750 mm 2850 mm 785 mm 1310 mm 815 mm 1020 mm
<b>Carriage:</b>	1 pendulous polyurethane running double wheel 4 automatically extending polyamide support rollers Ø	dia. 160 mm 50 mm

## Proforma Invoice No. 22-192

Customer no.: ./.

page 4 of 4

Your inquiry / your ref.: by e-mail  
via: Tarrissan Sanat co.

Date: 07.04.2022  
Our Ref.: VT-AST

- Hydraulic mechanism:** Battery electric hydraulic aggregate  
frequency controlled and therefore energy-saving pump drive
- Operation:** Multi function drawbar with  
\* turning switch for stepless and smooth driving, lifting and lowering  
\* safety switch  
\* pushbutton for driving with drawbar in vertical position  
\* horn  
Multi-function indication to indicate  
\* battery state \* operation hours  
\* maintenance intervals \* fault report
- Controller:** Energy saving MOS-FET drive control in AC technique with  
proportional speed control and energy recuperation when slowing down;  
MPS (manual parallelisation) for cross drive correction by braking one  
of the drives
- Gear:** Hub gear on both sides with electronic driving control,  
Polyurethane drive wheels, dia. 240 x 70 mm  
AC- Drive motors: 2 x 0,85 kW  
coupled steering of both gears
- Batteries:** maintenance-free gel batteries (included)
- Varnishing:** two colour paint  
orange RAL 2008 / dark grey RAL 7021
- Including:** 1 battery charger E230 G24/25 B50-FP, charging time approx.  
12 h (Id.-No. 74301086); for 1 phase supply 230 V L+N+PE,  
50/60 Hz (**please verify**)  
1 pair of foldable adaptors for partly wound warp beams  
1 spare parts kit
- Options:** 1 set stand-by batteries 4 x 6 V/160 Ah with carrying basket  
1 battery change trolley  
Fold-up operator's platform incl. power steering (*length of truck = B + 200 mm*)  
Power steering with automatic speed reduction when cornering. Stepless  
adaption according to the angle of steering lock  
Automatic sounder
