

WL-115 高温高压染色机
High Temperature And High Pressure Dyeing Machine

We Have Dyeing Machine In Different Size, Such As 12cups
Sample, 5kg, 10kg, 25kg, 50kg, 100kg, 500kg
The Dyeing Bobbin Size We Have $\phi 180 \times 800$, $\phi 320 \times 1000$,
 $\phi 390 \times 1000$, $\phi 390 \times 1000$, $\phi 390 \times 1000$, $\phi 390 \times 1000$, $\phi 390 \times 1000$

WL-127N 烫带机
Nylon Zipper Ironing Machine

Our ironing machine the heater is water steam or hot oil
(choose one)
The there are two hot big drum and one cold small drum
The hot drum size: $\phi 800 \times 2800$, $\phi 800 \times 2400$, $\phi 800 \times 2000$,
 $\phi 600 \times 2000$
The output biggest one is 10000 yards/hour

WL-131 拉链百码机
Long Chain Zipper Winding Machine
With yard or meter accouter
Easy running

Auto Plastic Zipper Teeth Film Press Machine

Easy To Running, Less Maintain. Gold Color, Silver Color, Black Nickle Color. Transfer The Colors From Film To Plastic Zipper Teeth.

Power: 1kw

Volt: 380v

Output 450m/h

Machine specification

超高速织带机 Super High Speed Needle Loom

This Machine is a new style machine which gives a high weave quality of zipper tape with high speed.

This machine is one of the special kind of machine which is designed in a manner to give high performance with low maintenance cost. The great productivity of this machine in turn benefits you to save labor cost as well as electricity cost. This machine is available in following models

JYZ 12/20 Single Tape with maximum width of zipper tape 20 mm.

JYZ 10/27 Single Tape with Maximum width of Zipper tape 25 mm.

JYZ 10/27 double Tape with maximum width of zipper tape 20 mm. speed can reach up than 14500RPM

860DS 高速尼龙拉链专用缝合机 SHING LING HIGH SPEED INDUSTRIAL ZIPPER SEWING MACHINE WITH SERVO MOTOR

SHING LING HIGH SPEED INDUSTRIAL ZIPPER sewing Machine MODEL SL 860DS is a new style machine equipped with direct drive servo motor for power saving by 50% than clutch motor. Less vibration, High Productivity and Low on maintenance. This machine comes with Patented design Looper holder for time saving easy operation & Patented Design looper thread take up device to increase the production. The smart design of Looper structure helps in easy threading of yarns and looper fixing

WL-125N 尼龙拉链成型机

HIGH SPEED ZIPPER COIL FORMING MACHINE

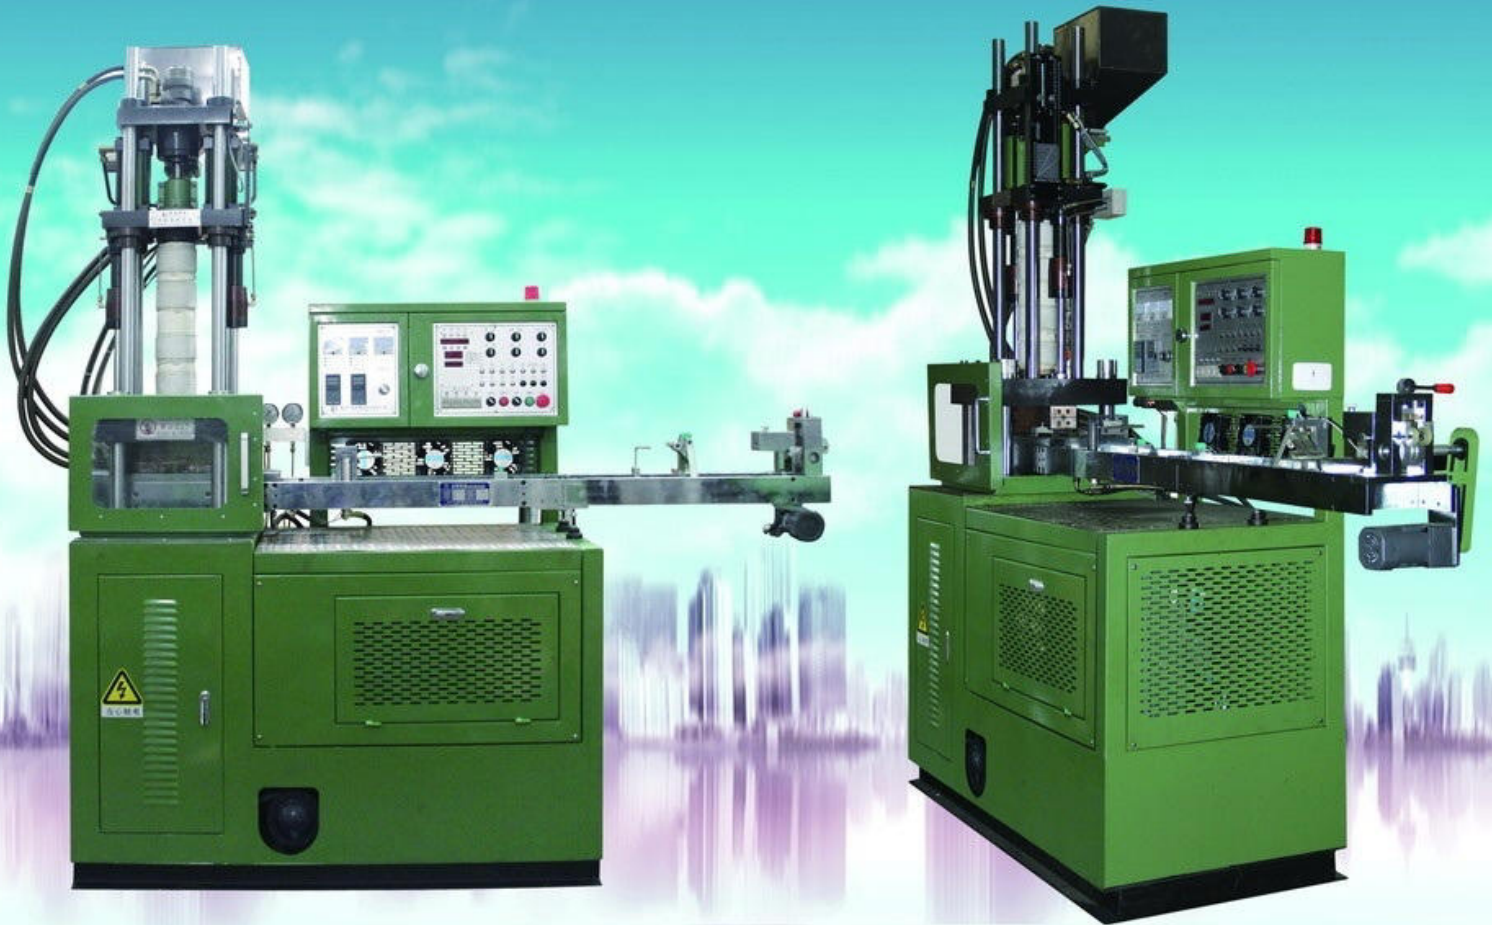

This is designed to get the high productivity with high quality and lowest maintenance. The latest addition is auto tension device which in turn controls the tension of monofilament automatically and gives the consistent feed irrespective of monofilament bobbin weight. This feature helps in reducing the labor cost as one operator can handle more machines as compared to normal coiling machine.

Machine will automatic shut down, when any of the followings is found, the m/c will stop automatically.

- Running out of pmf, cord
- The flexibility in coil from 2 sides is of too much difference
- Pmf wound on the forming screw

尼龙拉链前加工设备

NYLON LONG CHAIN ZIPPER MACHINERY

全自动塑钢拉链射出成型机 Plastic Zipper Injection Molding

Plastic zipper Injection Molding machine is high on production giving 70 Rolls of 100 yards per day on single color, low on electricity cost consumes only 8KW of power. This machine is a perfect mixture of high quality, easy operation, low maintenance and power saving.

Technical Data

锁模力	Clamping Force	25	T	理论射出量	Theoretical Shot Volume	61.5	CM3
模板尺寸	Platen Size	440x380x80	MM	最大注射量	Max. Shot Weight	60	g
模柱间距	Distance Between Tie Bare	298x238	MM	塑化能力	Plasticicing	≤10.5	g/s
最小使用模厚	Min Mould Height	9.7	CM	螺杆转速	Screwstroke	200	RPM
开模行程	Opening Storke	≥110	MM	油箱容量	Oil Tank Capacity	105	KGS
最大开模间距	Max Opening Distance	13	CM	电机功率	Motor Power	5.5	KW
螺杆直径	Screw Diameter	28	MM	电热功率	Heating Power	3.8	KW
注射射压、保压	Injection Presure	3~5	MPA	机器重量	Weight	1400	KGS

HY-139-B Auto plastic zipper teeth painting machine

此机用于生产树脂拉链牙齿不同颜色的机器
将油漆涂在牙齿表面，进行封层处理，进入箱体烘干，固化颜色
机器操作简单

This machine is used to produce resin zipper teeth in different colors. Apply the paint to the surface of the teeth, perform sealing treatment, and dry in the box to solidify the colors. The machine is easy to operate
