

PROFORMA INVOICE							
Seller (Name, Address) Direct Business gate LLC P.O. Box 1832 PC.: 133 Al Khuwair Sultanate of Oman		Proforma Invoice Number: 20230510/1	Proforma Invoice date: 05/10/2023		Validity Date of P/I: 12/31/2023		
Consignee (Name, Address) Sultan Chap Co. No.5, Sasan st., km 8th karaj Special Road Tehran, Iran Phone: +98 44 50 49 94 Fax: +98 44 50 49 96 info@sultanchap.com		Buyer (Name, Address) : Sultan Chap Co. No.5, Sasan st., km 8th karaj Special Road Tehran, Iran Phone: +98 44 50 49 94 Fax: +98 44 50 49 96 info@sultanchap.com		Freight Transport By Iranian Air Carrier			
Country of beneficiary:	Sultanate of Oman	Transport mode and means:		Air transport			
Country of origin:	Germany	Port/airport of loading:		Dubai, UAE			
Terms of delivery:	FOB	Port/airport of discharge:		Tehran IKA Airport			
Terms of Payment :	100% Advance T/T by draft	Final place delivery:		Tehran IKA Airport			
Transaction Currency:	Euro	No. and kind of standard:					
Partial Shipment:	Allowed	Commodity Code:		84423000			
Item	Item Desc.	Packaging	Net wt (kgs)	Gross Wt (Kgs)	Quantity (m2)	Unit Price [Euro]	Amount [Euro]
1	PLATE PRODUCTION LINE MODEL ESKO CTP 4260 INCLUDING MONITORING CONSULE, DOCUMENTATION AND ACCESSORIES. YEAR 2019	1 Box	1,636	1,800	1 SYSTEM	25,620.00	€ 25,620.00
2	COMPRESSOR UNIT	1 Neglet	47	52	1 PIECE	€ 1,921.50	€ 1,921.50
3	COMPRESSOR VACUUM UNIT	1 Neglet	56	62	1 PIECE	€ 2,562.00	€ 2,562.00
Total	Thirty Thousand And One Hundred And Three Euros And 50/100 Only		1,739	1,914			€ 30,103.50
Note:			Name of Signatory: G. Smith General Manager				

It is to hereby certified that this invoice shows the actual price of the goods described, that no other invoice has been or will be issued, and that all particulars are true and correct.

CDI Spark 4835

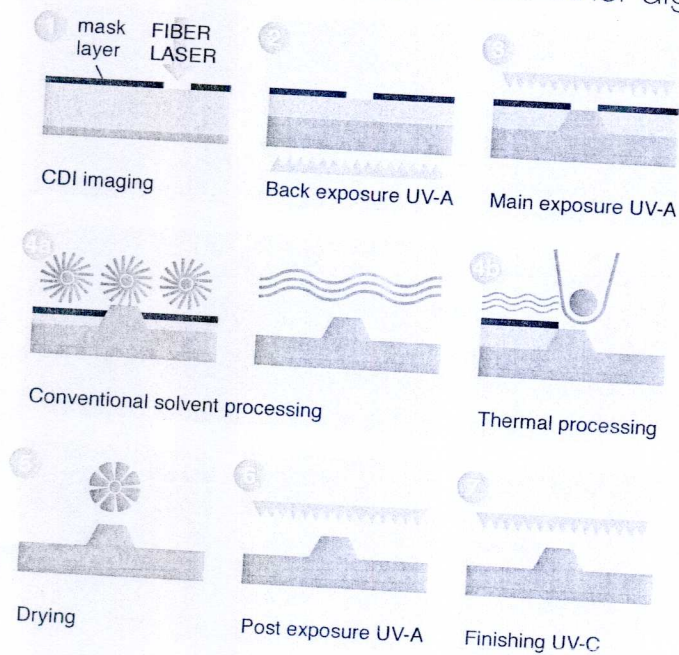

Technical specifications

Based on the FTA and GATF award winning technology of the Esko Cyrel™ Digital Imager (CDI), the premier and most productive device for flexo imaging, the CDI Spark 4835 specifically addresses the small and medium volume label and folding carton flexo plate makers and converters.

Three productivity levels of the awarded CDI Optics are available for CDI Spark 4835, either Optics 15 (1.5 m² per hour), Optics 25 (2.5 m² per hour) or Optics 40 (4 m² per hour).

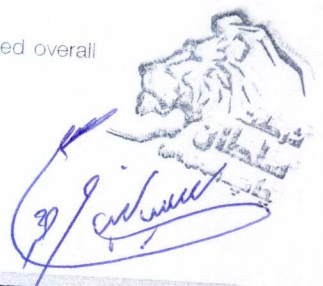

The CDI Spark 4835 comes with EasyClamp, to securely hold down flexo plates of any thickness on the vacuum drum.]

The CDI images on Cyrel® and other digital flexo plates.

The digital flexo plate has a mask layer – sensitized to the CDI's laser light – on top of its surface. After imaging, this mask takes the function of the traditional film negative. Through the integration of the image carrier, a digital flexo plate has sharper image definition and steeper relief shoulders than conventional plates produced with film. Image deterioration by UV light absorption and scattering in the traditional contacting through vacuum sheet and film is totally eliminated.

The CDI technology provides a major breakthrough in enhanced output quality and consistency, with reduced overall process cost.
