Hebei Sade Machine Manufacturing Co.,LTD

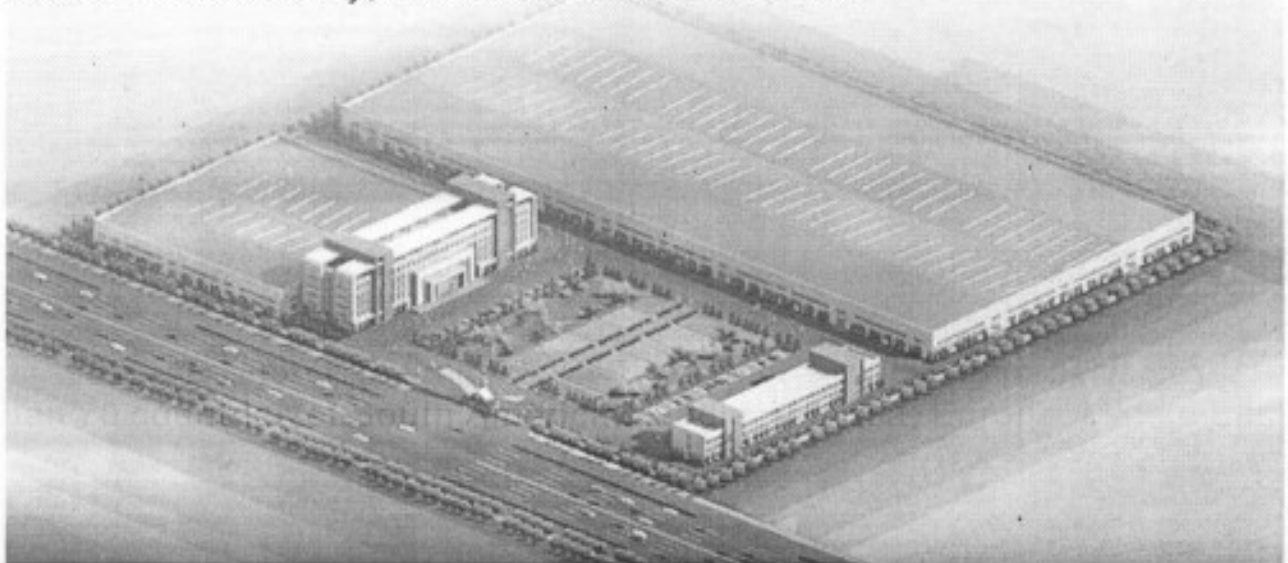

Hebei LaiEn Wire Mesh Machine Manufacturing Co., Ltd & Hebei Sade Machine Manufacturing Co., Ltd is located in Anping County – the well-known hometown of wire mesh, Hebei Province, China. We have been engaged in designing, producing and exporting different kinds of wire mesh machines since established in 2000, covers a total area of 67,000 square meters. Up to now, we have more than 100 sets of processing machinery and over 300 employees, of which, more than 70 are engineers and technicians.

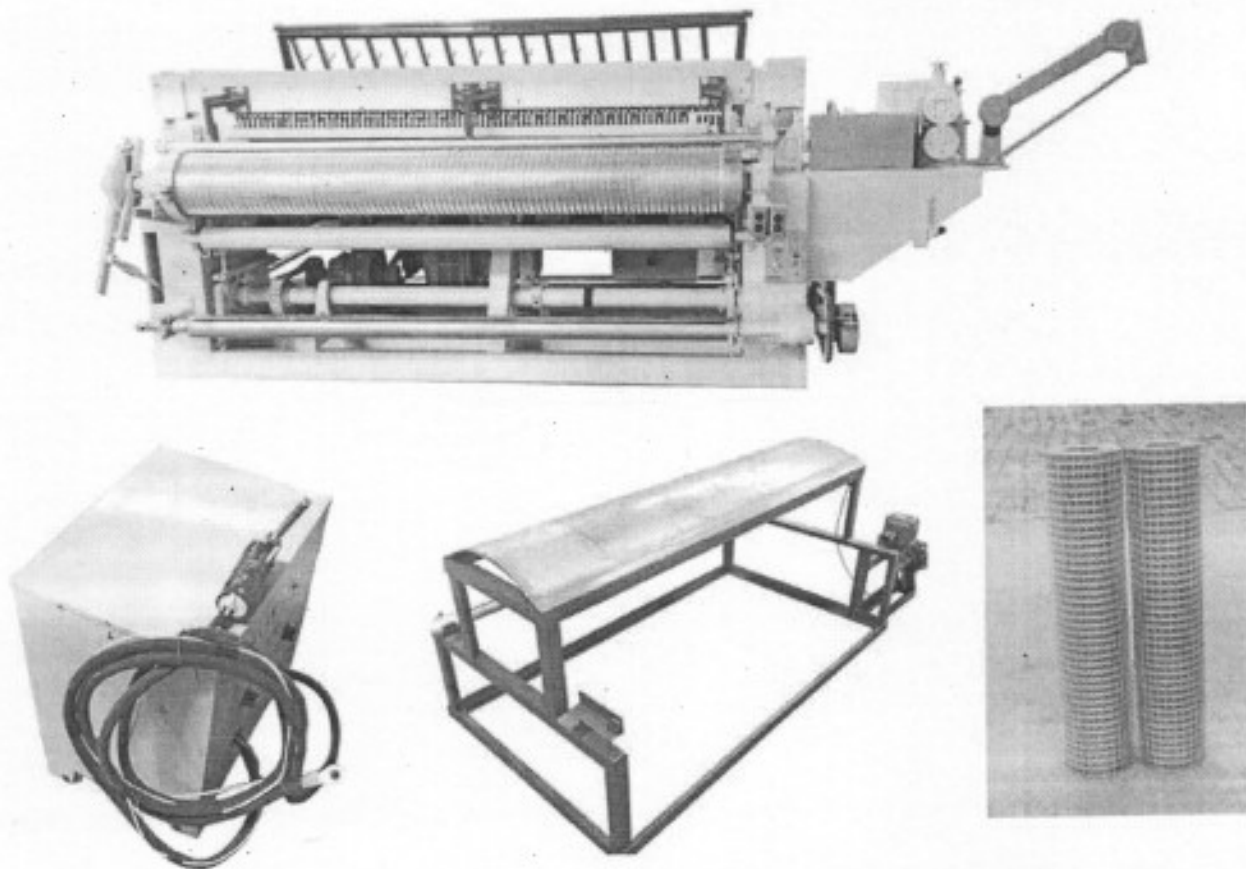

We have passed ISO9001 Quality Managements System Attestation, CE Certificate and SGS Certificate through consistent efforts of all staff members. It brings machine quality constantly improvement. We persist of technology innovation, developing Domestic and International markets, making wire mesh production from manual to mechanization and automation. It lays a solid foundation for Anping wire mesh industry(the old and traditional products for many years) to stand on the international market full of strong competitors. We have been awarded as advanced enterprise for scientific and technological progress, and civilized enterprise.

Main products: Breed aquatics mesh welding machine, CNC fence mesh welding machine, Reinforcing mesh welding machine, Brick force mesh machine, Welded wire mesh machine, Full automatic chain link fence machine, Hexagonal wire mesh machine, Gabion machine, Expanded metal machine, Roll forming machine and so on.

The market of our products has already extended widely to Sinkiang, Guangzhou, Kunming, Heilongjiang, Shanghai etc. and exported to more than 70 countries of South America, Middle America, Europe, Middle East, South-East Asia and Africa.

LaiEn Machine & Sade Machine business philosophy: Diligence makes the machinery, Innovation wins the future.
