

❖ Automatic Labeling Machine

BL-P202-TB

The fully automatic labeling machine is professionally designed and suitable for sticking self-adhesive labels or self-adhesive films on the upper surfaces of various items.

The equipment can optionally be equipped with a coder or ink-jet printer to a labeling module, which can print production date, LOT number, bar-code and other information on the label. Various marking machines can be configured on the conveyor belt to print production date, LOT number, bar-code, QR code and other information on the product before or after labeling...

● Technical Parameters:

- ◆ Labeling accuracy: $\pm 1\text{mm}$
- ◆ Labeling speed: 40-200 pcs/min.
- ◆ Applicable Products: flat surface
- ◆ Applicable Tags Size: L 20-290mm; W 20-160mm
- ◆ Overall Size: 1900x800x1400mm
- ◆ Applicable power supply: 220V 50HZ
- ◆ Total Weight: 160KG
