### **FUSEN BUBBLE GUM WRAPPING MACHINE**

This machine including 2 units, 1 unit is inner packer, 1 unit is outer packer.

#### **Machine warranty:**

1 Year, but man-made damage is not covered by the warranty

#### **Main parameters:**

Packing speed: 350-400packs/min

#### **Materials:**

Candy contact parts use SS304, the main frame is iron casting with surface painted

#### **Machine electrical parts as below:**

##### **Inner wrap machine:**

##### **Total power: 4KW**

Main motor: Siemens, 2.2KW

Display screen: Siemens

PLC: Siemens

Contact switch: Schneider

Paper feeder MYZN-J: 1 set, Omron

Photoelectric eye: Banner

Color mark relay: Omron

Temperature extension: Siemens

Frequency inverter: Danfoss

Servo drive: Delta

Servo motor: Delta

##### **Spare parts list for inner wrap machine:**

Candy cutter 2 pair, paper cutter 1 pair, timing belt 1 pcs, long heating tube 1pcs, short heating tube 1pcs, thermocouple 1pcs

##### **Material:**

Gear and Schaft with quench and resistant material

Ball bearing use nsk the best material
