## Related products

### Oil Cleaner

The revolutionary Oil Cleaner filtration device allows you to maximise the service life of your oil and also protect the planet, whilst reducing your maintenance costs.

### CHASE CHANGER

Functioning as a make-ready table, it allows you to prepare a second job during production and to exchange cutting chase in less than one minute.

### Control table

Installed on the podium barrier, this inclined table ensures optimal checking of a die-cut sheet. It includes a support to install a lighting system.

General services

# Maintaining excellence

Expert services for all your equipment. Improve your processes, boost your productivity and enhance your expertise with a complete range of services from BOBST.

■ BOBST

#### Maintenance Plus

- Scheduled maintenance with BOBST certified technicians
- Preventative intervention, maximizing machine uptime
- Optimum performance over the equipment lifetime

> WATCH VIDEO

#### Approved parts and logistics

- BOBST Original and Certified parts, and consumables
- Quality assurance, and extended maintenance intervals
- Worldwide distribution, and full availability where and when you need it

> LEARN MORE

#### Machine upgrades

- Additional features, configured for your machine
- Enhanced functionality, connectivity and capability
- Future-proofing your investment, maintaining competitive advantage

Connected Services

# Switch on digital transformation

BOBST Connected Services ensures your business is ready for the changing world of digital manufacturing. Our range of apps and technical support brings full connectivity to your equipment and processes – providing you with a wealth of real-time data, analytical tools and expertise – helping you work smarter and more productively.

#### Helpline Plus & Premium\*

- Remote access intervention, with BOBST technicians
- Expert support, eight hours a day, five days a week
- Maintain production, reduce callouts by 80%

#### Helpline Plus & Premium\* AR

- Enhanced remote assistance with Augmented Reality
- Visual instructions right in front of you
- Available for internal use

\*24/7 support in selected areas

#### Connect Portal

- User friendly web portal containing equipment data, reports and analysis
- Access insights on the go with **Mobile Portal** from your smartphone

#### Remote Monitoring

- Real-time production KPIs
- Alerts and notifications
- Enabling control and decision making

#### Downtime Tracking

- Track downtime and understand the root causes
- Enabling continuous improvement in productivity MES / ERP interface
- Web-based API for simple equipment data interface
- Data link and ERP Interface protocols for on-site direct integration

Tooling

# Full tooling process optimization

In this challenging market, great tooling provides the consistency that you and your customer need, from the first to the last box of an order. BOBST offers the most advanced tools and equipment for die-making and converting processes so you can exceed customer quality and turnaround expectations, all while maximizing uptime and profitability.

For more information on advanced tooling and die-making products, please contact our experts.

[> LEARN MORE](#)

#### World-class die-cutting

- Forward thinking die-making equipment and software
- Shorter lead times without compromising quality
- Create exceptionally precise tooling for every converting process

#### Certified Die-Makers

The Certified Die-Makers Program supports and promotes world-class local die-makers. Choosing a certified die-maker guarantees the best local tooling solutions, with BOBST supporting the ongoing innovation, digitalization and quality improvements of these specialists.

#### Enhanced converting

- Industry-leading range of equipment
- Made for all cutting, stripping and blanking stations
- Shortens set-up and changeover times
