Shape The Future With Green Power

 东方电机

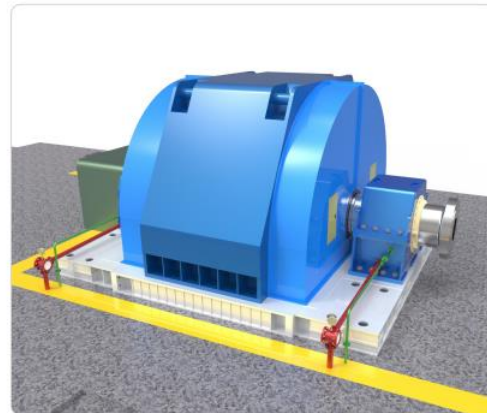

特制电机 Special motor

21000kW, 182r/min大低速风洞电机
2,1000kW, 182r/min large low speed wind tunnel motor

正在制造的3750kW, 25r/min人离心机电机 (图左为电机转子, 图右为三维模型)
3,750kW, 25r/min manned centrifuge motor being manufactured (motor rotor on the left picture, 3D model on the right picture)

正在制造的120000kW, 500r/min风洞电机是全球单机容量最大的电动机
120,000kW, 500r/min wind tunnel motor being manufactured is the one with the largest unit capacity in the world
