

## Piston Compressor

Piston Reciprocating Hydrogen Compressor Model No. ZW-1.9<sup>4</sup>-14.5:

Capacity = 500 Nm<sup>3</sup>/hour/Pressure : 15 bar

- 1) Compressor main block;
- 2) Water cooler;
- 3) Oil Cooler;
- 4) Switch on/off button at site;
- 5) Instrument panel on skid integrated Brady brand gauges;
- 6) Pressure and temperature transmitters of Wotian Brand;
- 7) Inlet backflow proportional control valve with its needful pipelines.
- 8) Junction box on skid;
- 9) Safety valves;
- 10) Lub.oil system;
- 11) K.O.drum/pulsation tank, equipped, blowdown manual control valve;
- 12) Tyre coupler;
- 13) Gas pipeline on skid;
- 14) Metal underframe;

# Centrifugal Copressor

## Model Specifications

ModelName	Flow (m <sup>3</sup> min / cfm)	Height (cm / in)	Width (cm / in)	Length (cm / in)
C400	45-67/1,600-2,350	208/73	180/77	283/118
